Price List of Young

Ornamental Trees and Shrubs

For Planting in Nursery Rows

NOW IS THE TIME

Many growers recently have allowed their stocks to dwindle to the vanishing point, resulting in an acute shortage of finished plant material right now.

Whips and liners are in very short supply too and we therefore suggest you have us book you for immediate or Spring '48 shipment.

Remember . . . now is the time.

Please Read Terms:

No less than 25 whips or 50 plants sold of any one variety.

Packing additional at cost.

When cash accompanies order, add 5 per cent to cover packing charges.

All complaints must be made immediately upon receipt of stock and our responsibility ceases upon delivery to the transportation agency.

Due to the continuing scarcity of good Lining Out Stock and Whips we suggest you specify a second choice should we be sold out of the particular item desired.

SHADE TREE WHIPS

A good assortment of the better shade trees is always excellent property, especially today when good shade trees are not to be had.

Our whips will save 2 to 4 years all-important growing time, are quickly and easily planted, and require but little growing space. Stock is thrifty and well rooted.

		Per 100
Acer dasycarpum, Silver Maple	3 to 4 ft.	\$15.00
" " " "	4 to 5 ft.	20.00
